

House rules

Circuit Usage

For the correct use of the Torii Circuit and accommodation, below are a number of rules of use and conduct that must be observed for everyone (guest and club riders).

The purpose of these regulations is to ensure a safe and pleasant association for all our members and guests.

Rules

- Entering the circuit is at your own risk.
- Only electrically powered RC Drift cars 1:10 are allowed on the circuit.
- The association is not liable for damage and/or theft and damage to third parties.
- Driving the car is only allowed from the driver's position and only on the circuit.
- It is forbidden to drive against traffic.
- It is forbidden to walk on the track with shoes.
- Eating is prohibited at the pit and next to the track.
- Changes and modifications to the runway are strictly prohibited.
- When leaving the accommodation, it must be clean, please use the necessary actions.

Canteen

- Leave the place you used neat and tidy after you're done eating.
- Self-service (e.g. taking drinks from the fridge) is only allowed if permission has been given by the board.

Social regulations

Because the hobby is a relaxation for everyone, one should be aware of it that helpfulness, conviviality, sportsmanship, respect and social behaviour contribute to the To be able to practice the hobby enjoyably. This is therefore high on the list for Torii Circuit. and is expected to be respected by all (guest) riders.

- Everyone is helpful to the fellow drivers.
- Everyone rides for fun.
- Everyone behaves in a neat and correct manner.
- If someone swears, misbehaves, is unsportsmanlike, acts anti-social or otherwise outside the book, he or she will be addressed by fellow drivers and/or the board become. It is at the discretion of the board whether an appropriate action has been taken will be.
- Overtaking on the track is not permitted unless:
 - o Your predecessor has crashed or spun.
 - o Your predecessor indicates that you as a follower may/can pass.
- If you have crashed or spun, please wait to continue your path after your follower(s) is/are past (unless she is waiting for you!)
- There is at least 1 "shortcut" on the runway that can and may be used to

slower predecessor, please use it instead of
to force yourself with your predecessor!

- Keep the track neat and tidy, should you miss one of the (which of course can always happen), put them back in the right place so that others are not bothered by it
- If you have "bad luck" on the track and your car can't continue, let us know to the fellow drifters!
- Leave your pit table tidy when you leave. Make sure that the person who follows you on that place does not have to clean or tidy up before he/she has his/her can put stuff down

General

Be considerate of each other. What is a funny joke for one person, can be a joke for one person. another a huge irritation point. There is drifting on the track and it is not a amusement park where you can "invent" your own attractions that you can do with your car. If you don't know whether something is or isn't possible, ask one of them first, just to be sure. the board members/administrators present. Observance and implementation of the above rules will also ensure a Socializing and enjoying the hobby at the accommodation.

Safety

Due to the developments of LiPo batteries and chargers, we as an association have noticed that the Riders are increasingly opting for high charging currents and "optimized" turn detection during charging in order to get the most out of the batteries. The policy of our association is not only to promote the hobby but also to ensure the Safety of (guest) drivers on and around the circuit. To ensure this, a everyone to be aware of the "rules of the game" that apply when using our accommodation.

Rules for charging and discharging Lipo batteries, also during training

- Charging in accordance with CC/CV charging method.
- Use of closed lipo bag always mandatory.
